Above is the amount of contributions sent in the Edinb' box for the Boston Bazaar - I wish there had been more - but many circumstances have prevented our doing what we could wish - Commercial depression extending through all the ramifications of Society, has cramped the energy & power & besides has in the home demands - I trust that this Bazaar may equal or even surpass the former ones in pecuniary result & moral effect & that you may be enabled to accomplish your great labours connected with it, without suffering eventually - We have been sympathizing with you in the great want you will have of assistance in the absence of thy sisters - but I hope the hands of those who are left may be strengthened to supply the deficiencies -

I think we have priced our articles very low this year - but of course you will be able better to know what prices they will bring in America - than from Kirkcaldy we consider too highly charged - but we just send them as they came to us & leave them to be altered at your discretion - The prices are affixed in the plan adopted last year on the suggestion of Mr. W. L.

No. implying shillings & column shillings & pence come together, being written without the dividing line, as 40/4 for 4/- 46 for 4/6. - I hope the box may arrive safe. It is now ready to be despatched for Glasgow on its way to Liverpool, so as to sail by the steamer of the 18th from that port for Boston. Would it be too much trouble for thee to tell us in acknowledgement, if thou

was sent of E. Fay sent by E. Pease, arrived in safety. It was a little broken in the previous carriage from New York & we are anxious about its safety, having had it repaired where it scarcely shows - but it may be all secure. - We have enclosed parcels & letters in the box for our different friends of whom I enclose a list. I wish earnest wishes for your success in all your efforts for the oppressed. I am Thine affectionately Edw. C. ...
